Challenges

1. Time management and participation of UPOU Earth Ambassadors and teacher in charge on official time

2. Co-sponsorship of the activities

3. Enhancing natural science background among teachers of UPOU Earth Ambassadors
Addressing Challenges

1. Crafting Memo of Agreement with partner schools to make everything official

2. Collaborating with local government and private organizations for co-sponsorship (big activity)

3. Regular training courses/workshops are conducted to update teachers of the UP Open University Earth Ambassadors of the latest trends in environmental science and biodiversity conservation
Next Steps

1. Expand membership of UPOU Earth Ambassadors
2. Assist earth ambassadors in organizing activities in their communities
3. Provide regular venue for interdisciplinary and transdisciplinary discussion, training and forum among teachers, organizers and co-sponsors
4. Sustain and strengthen partnership with local, national, regional and international organizations (e.g., IPSI) in co-sponsoring activities of the UPOU Earth Ambassadors
